Opt for ROLLVAN benefits

▲ Hydraulic lowering system : fast and easy animals entrance and exit

▲ Grooved rings for easy and integral greasing of the central axis. Optional remote lubrication available

▲ Anti-slip and anti-noise rubber floor : safety for user and animals. Rounded wing passages for animal comfort.

▲ Full door clearance 2m30: quick entry and exit of the animals

▲ AUTOLOCK self-closing rear doors

▲ Full LED lights with optional 3rd upper brake light

Adapt your ROLLVAN to your farm

▲ 4 models of single or rail internal gates and tarpaulin available

▲ SWIFT side sliding gate mounted on a trolley with spring-loaded parallelogram

▲ Extensible tubular external gate 2m50 to 4m with fold back storage

Non-contractual data
