

60 cm working width

Sweeping performance: up to 2,400 m²/h
Very large dirt hopper for its class

Sweepmaster B500

Walk-behind vacuum sweeper for hard floors and carpets

The Sweepmaster B500 is Hako's smallest motorised vacuum sweeper. This machine has been designed for both light-duty and demanding sweeping tasks and ensures perfectly cleaned hard floors and carpets while providing an impressive cleaning performance of up to 2,400 m²/h. The 40-litre dirt hopper is the largest in its class and can be filled to capacity, which means long and uninterrupted operation. A powerful suction fan and our high-performance filter system provide efficient dust control. This machine is particularly manoeuvrable and easy to use.

- **Filter shaker to clean the filter.**
- **Uncomplicated charging at any power outlet.**
- **Height-adjustable handle bar.**
- **Clearly structured control display with easy-to-read symbols.**
- **Efficient dust control provided by a powerful suction fan and a large filter.**

Special features

Designed with much attention to detail

Particularly large: corrosion-proof dirt hopper that can be filled to capacity. Capacity: 40 litres.

Machine module: Clearly structured and easy to access.

- **Easy charging** at any power outlet, thanks to the on-board charger.
- **Long operating times**, provided by a maintenance-free battery system.

Clearly structured: The control display uses simple symbols to explain the different functions of the sweeper.

Provides easy operation and is equipped with practical features for efficient sweeping applications.

Technical data

Sweepmaster B500 at a glance

Sweepmaster B500		
Working width with 1 side brush (2 SB)	cm	60
Theoretical area performance with 1 SB, main sweeping cylinder m²/h		2400
Working speed	km/h	4
Dirt hopper capacity	l	40
Total output	kW	0.25
Nominal voltage	V	24
Battery capacity max.	Ah	20
Length	cm	80 / 100
Width	cm	70
Hight above the seat (operating handle)	cm	60 / 120
Weight, ready to use (incl. battery)	kg	56
